EDUCATION

Lakshmi Narain College of Technology and Science, Bhopal

Aug 2023 – Jul 2027

B.Tech in Computer Science Engineering

CGPA: 7.94

EXPERIENCE

Kalpvrk Technologies Private Limited

Nov 2025 – Present

SDE Intern

Remote

- Built and optimized React Native UI screens and integrated APIs, improving overall app performance by 35%.
- Implemented AWS Cognito authentication with DynamoDB integration, reducing auth failures by 50% and boosting login reliability.
- Added WebSocket-based real-time AI chat, cutting message latency by 40% and enhancing user engagement.

PROJECTS

LAW-GPT | Python, React, Langchain, Node.js, NLP, LLMs

Aug 2025 – Present

- Built a Python/React SaaS app with fine-tuned LLMs, secure auth, and NLP pipelines for legal query answering.
- Developed frontend with React.js and backend with Node.js, ensuring a responsive, robust user experience.
- Designed MongoDB data models, optimizing performance for chat storage and retrieval.

DevTinder | React, NodeJS, Express, JavaScript, MongoDB, Socket.io

Jun 2024 – Jul 2024

- Architected a full-stack React/Node.js platform with swipe-based developer matching, secured via JWT + cookie authentication and integrated payment workflows..
- Engineered a college-aware, skill-driven recommendation engine to deliver precise developer suggestions and enhance match relevance
- Implemented real-time messaging and event-driven notifications using Socket.io, backed by scalable RESTful APIs and MongoDB data persistence.

LANDIT AI | Python, NLP, Web Scraping, Gen AI, Flask, REST APIs

Jan 2025 – Feb 2025

- Developed an AI tool that generates personalized cold emails tailored to custom resumes and job openings.
- Implemented job data extraction using web scraping and automated resume parsing with NLP.

SKILLS

Languages: Java, C, C++, Python, JavaScript, TypeScript

Frameworks/Tech: MERN (MongoDB, Express.js, React.js, Node.js), Tailwind, Next.js, React Native, Cognito, DynamoDB

AI/ML: TensorFlow, PyTorch, Langchain, OpenCV, NLP, Generative AI

Tools: Git, GitHub, Postman

Databases/Cloud: MongoDB, MySQL, AWS

Coursework: DSA, OS, OOP, DBMS, CN

POSITION OF RESPONSIBILITY

Club Lead — Code villa Club, LNCTS Bhopal

Sep 2024 – Present

- Mentored 40+ students in Competitive Programming and DSA, improving problem-solving proficiency.
- Organized 5+ coding contests with 200+ participants, fostering a culture of coding excellence.

ACHIEVEMENTS AND CERTIFICATION

- Solved **500+ coding problems** across [LeetCode](#), [Codeforces](#), and [CodeChef](#).
- Achieved **2 Star Rating on CodeChef**, showcasing algorithms proficiency.
- Reached **1680+ rating on LeetCode**, demonstrating strong DSA skills and consistency.
- Finalist in **KRIYETA 4.0**, a national level Hackathon
- Oracle Cloud Infrastructure 2025 **Certified Generative AI Professional**
- Programming in java– **NPTEL (IIT Kharagpur), Elite**
- CCNA: Introduction to Networks by **CISCO**
